In today's highly competitive business world it is vital that up-to-date and accurate information is available to all personnel, in every department, when they need it.

Benefits of BI

Knowledge Is Power.

Millions of dollars are spent every year by corporations capturing and storing data about every facet of their operations. Hidden amongst this wealth of information are the answers to the many diverse and complex questions asked by organisations every day.

Our solutions gather, organise and optimize this information and deliver the answers, no matter how big or complex the question might be.

Hologram - When you need to know.

Why Us

Our team has created solutions for leading banks and multi-national corporations. The Technical, Mathematical and Analytical standards set for our products will exceed your highest expectations. Together with attention to detail and customer focused service, we ensure our customers are not just satisfied, they are proud that they chose Hologram.

We deliver what we promise.

Partners of Value

Our success has been founded on building long-term mutually rewarding partnerships with our clients. We aim to resolve your information problems and deliver answers to your most complex and demanding questions, saving you time, money and resources every day. We take our role as your Business Intelligence solution provider very seriously.

Your success is our success.

At Your Service

Having great products is important, but it is our quality service that really makes the enduring difference.

We offer all the services necessary to deliver, support and maintain our world class Business Intelligence solutions. Your experience with Hologram is very important to us and we strive to exceed your expectations.

Solved

What some of our customers have to say...

"We like their approach to business, we like their technology and we think they have a good corporate culture."

Mark Runnalls,
Partner, Ernst & Young
Business Innovation
Online Practice

"They proved that their web-based executive dashboard would unlock the potential of all that good JDE sales data."

Michael Shearer,
Business Systems
Manager

"We are very happy with the outcome, which gives all of our Branch, Management and Sales staff access to online web-based KPI and management statistics on a daily basis, with full drill-down capabilities."

Neal Matotek,
Senior Manager,
Finance and Risk
